

## OUR QUALITY POLICY

*To remain independent from our customers and/or indirect customers who are parties to the inspections and surveillances*

*To provide our customers with inspection and surveillance reports that are in accordance with national and international standards with the contract agreed upon, on time and in a correct manner.*

*To keep independence, impartiality, confidentiality and honesty above all else and to ensure their continuity by continuously training our personnel, thus protecting our reputation, to inform and raise awareness by establishing open communication with our customers.*

*As an inspection organization, in cases where confidential information needs to be disclosed to official institutions due to legal obligations, to inform our customers about the information provided,*

*To ensure the satisfaction of our customers in our activities that we will perform as a type A inspection organization and to improve by fully fulfilling the requirements of TS EN ISO IEC 17020 and ISO 9001:2015 standards and ensuring their continuity.*

*To create a qualified leading staff in line with this policy*

**DETERMINED AS OUR QUALITY POLICY.**
